

CALL FOR ABSTRACTS

12TH International Conference on the Deterioration and Conservation of Stone

Columbia University in the City of New York

22-26 October 2012

(Note: the date of the conference has changed from the previous announcement)

Due date for abstracts: 15 January 2012

Delivery address: gw2130@columbia.edu (George Wheeler)

Please indicate *Abstract for 12th Stone Conference* in the subject line of the e-mail.

CONFERENCE THEMES

The Scientific Committee will be pleased to receive abstracts relevant to any and all issues of stone conservation. In addition, the Committee solicits abstracts on the following themes:

General and Continuing Themes

1. Material Structure and Properties
2. Deterioration: including but not limited to biodeterioration, salts, acid rain, dry deposition, hygric and hydric dilatation, thermal effects including freezing and freeze-thaw cycling
3. Techniques and Tools for Investigation and Documentation: including low-tech and high-tech field and laboratory techniques
4. Conservation Methods and Products
5. Case Studies

Specific Themes

1. Engineering and Materials Science Issues in Stone Conservation
2. Conservation of Cast Stone
3. Adhesives, Mortars, Plastic Repair materials and Grouts in Stone Conservation
4. Making Stone Conservation Green
5. Developing Testing Standards in Stone Conservation

ABSTRACT FORMAT

TITLE IN CAPITALIZED LETTERS IN 12 pt Times New Roman

Authors (First Name Last Name) in 12 pt Times New Roman, Each Author is Separated by Commas and Provided with Numeric Superscript¹ for Affiliation Designation with Contact Author (e-mail address)

¹ Affiliation in 12 pt Times New Roman

ABSTRACT (maximum 300 words – no images or graphs; 12 pt Times New Roman)
